What is P-TECH?

Pathways in Technology Early College High Schools (P-TECH) are innovative open-enrollment schools that bring together the best elements of high school, college, and the professional world. Offered at Flour Bluff ISD, it is a model that allows students to earn a high school diploma while gaining work experience through internships, apprenticeship or other job training programs. This program gives students a head start on their career after completing the program. Students enroll in 9th grade and complete the program in 4-6 years.

If so, then the Pathways in Technology Early College High School (P-TECH) may be the program for you!

- National Recognized Credentials
- Work-based learning opportunities
- Mentors
- Guest Speakers
- Classroom experiences
- Higher Education and Industry Partnerships
- Del Mar College
- Education
- Work experience through internships, apprenticeship or other job training programs

**Some degree programs require additional college classes after high school graduation*

Are students ready to accept the challenge?

www.flourbluffschools.net/p-tech

Students can earn their high school diploma while working toward certifications that will help them begin a life-long career right out of high school.

COME JUMPSTART YOUR LIFE WITH FLOUR BLUFF ISD'S CONSTRUCTION P-TECH PROGRAM!
