Thursday, November 30:
3:30 - 4:30 PM CST

Leveraging EdReady Reports to Support Your Students

[Register Here]

BACKGROUND

Educate Texas and TEA are excited to provide your campus with TSIA tutoring support for students.

The specialized curriculum via EdReady is aligned with Texas College Bridge for 9th and 10th grade students.

Tutoring support can also be used for summer bridge programming for rising 9th graders.

LICENSE INFORMATION

- Licenses will expire on September 30th, 2024

- A license is used when a student creates an account and takes their diagnostic test

- Licenses are per subject, NOT per student. Therefore if a student requires support in both math and ELAR, they would use two licenses. If a student registers using the "Both" URL, they will also use two licenses.

WHO SHOULD I CONTACT WITH QUESTIONS?

- If you have technical issues with the platform, please reach out to EdReady via the Help Center or by submitting a ticket.

- If you have questions regarding the number of licenses available to your campus, or would like to request additional licenses, please reach out to your Educate Texas Leadership Coach.
