Agenda

- Welcome & Introductions
- P-TECH Overview
- P-TECH Advisory Committee Role
- Program Status
- Programs of Study & Industry Based Certifications
- Partners
- Discussion
- Future Meeting Dates
- Adjourn

P-TECH Overview

- Pathways in Technology Early College High Schools (P-TECH) are open-enrollment programs that allow students least likely to attend college or who wish to accelerate completion of high school, to combine high school courses and college-level courses while participating in rigorous and accelerated instruction. P-TECH also offers students the opportunity to engage in work-based learning at every grade level.

Advisory Committee Role

The purpose of the FBISD P-TECH Advisory Committee is to provide direction and guidance to administrators and teachers for the following career clusters:

- Health Science
- Architecture & Construction

Program Status

- FBISD began P-TECH in 2021-2022.
- Construction and Health Science are provided funding with P-TECH Grant funds
- FBISD is continuing to grow these programs
 - Between Health Science and Construction, there are approximately 390 students enrolled
 - 272 students in Health Science
 - 118 students in Construction (had to turn students away due to lack of space)

Health Science
